AMERICAN FIRE PRODUCTS

2005: American Fire Products was founded as the original manufacturer of American Fire Glass. From those humble beginnings, we have grown into one of the largest manufacturers of components needed to create the perfect fire pit.

2025: American Fire Products reflects our growth into a premier manufacturer and distributor of fire pit products. Dedicated to education and dealer support, we strive to transform outdoor spaces by delivering the industry's finest premium-quality fire products.

04 FIRE PIT BUNDLES

Offering everything you need to create a stunning and personalized fire feature with ease.

10 FIRE PIT KITS

Designed to provide all the essential components for a smooth and striking fire feature experience.

16 ELECTRONIC IGNITION

Advanced controls and seamless integration for a refined and customizable outdoor experience.

18 PANS & BURNERS

Reliable performance and captivating flames for a stunning focal point in any outdoor space.

22 WARMING TRENDS

Engineered for superior performance and a striking flame display.

24 FLAME GUARDS

Crafted to protect your fire feature from the elements while enhancing its visual appeal.

26 BURNER COVERS

Designed to keep your fire features in pristine condition.

28 LAVA ROCK

Add natural, rustic charm to any fire features while creating a warm and inviting atmosphere.

30 LITE STONES & BALLS

Provides a natural and visually striking element that enhances both the beauty and authenticity of your flames.

32 AMERICAN FIRE GLASS

Vibrant colors and superior performance create a stunning, modern aesthetic for any indoor or outdoor setting.

40 INSTALLATION KITS & PARTS

Designed for easy assembly and built to deliver long-lasting performance and safety.

43 DEALER TOOLS

Streamline your sales process and enhance customer satisfaction with top-notch support materials.

FIRE PIT BUNDLES

Fire Pit Bundles are the ultimate solution for building an outdoor fire feature. Bundles are available in round, square, rectangle or linear and can be paired with any of our unique ignition types to meet your budget and fire pit needs. You can choose between: Electronic Ignition, Push Button Spark Ignition, CSA certified, or Match Light Kits.

EACH BUNDLE INCLUDES:

- Fire Pit Burner Kit and Stainless-Steel Pan
- Your Choice of Natural Gas or Propane
 - Flame / Wind Guard
 - Burner Cover
- Set of Installation Hoses, Valve, Fitting & Parts

ELECTRONIC IGNITION BUNDLES

All Weather Electronic Ignition Systems (AWEIS) offer a safe, reliable way to light your gas fire pit using a smartphone, timer, switch, or pool controller. The .316 marine-grade stainless-steel control box shields components from wind, rain, and harsh weather. Powered by a 110V source with a 24V transformer, it ignites with a hot surface ignition and thermopile for safe operation. Designed for windy areas, the system auto-reignites if the flame goes out.

Bundle Includes: Fire Pit Burner Kit, .304 Stainless-Steel Pan, AWEIS, Flame/Wind Guard, Burner Cover, Installation Hoses, Key Valve, and Fittings.

Round Drop-In Pan with AWEIS
System - Bundle

Rectangular Drop-In Pan with
AWEIS System - Bundle

5 Sizes Available
18" x 6" | 24" x 8" | 30" x 10"
36" x 12" | 48" x 14"

Linear Drop-In Pan with AWEIS
System - Bundle

5 Sizes Available
30" x 6" | 36" x 6" | 48" x 6"
60" x 6" | 72" x 6"

SPARK IGNITION BUNDLES

Easily transform any fire pit into the centerpiece of the backyard with a Spark Ignition Kit. Designed for DIY'ers and pros alike, these economical kits make lighting your fire easy and safe. Just press a button (like most BBQ's), turn on the gas, and the flame ignites—simple as that! Built to last with a lifetime guarantee, they're perfect for natural gas or propane setups and include everything you need to enjoy a fire.

Bundle Includes: Fire Pit Burner Kit and .304 Stainless-Steel Pan, Spark Ignitor, Flame / Wind Guard, Burner Cover, Installation Hoses, Key Valve, Fitting & Parts

Round Drop-In Pan with Spark Ignition Kit - Bundle

2 Sizes Available
19" | 25"

Square Drop-In Pan with Spark Ignition Kit - Bundle

5 Sizes Available
12" x 12" | 18" x 18" | 24" x 24"
30" x 30" | 36" x 36"

Rectangular Drop-In Pan with Spark Ignition Kit - Bundle

5 Sizes Available
18" x 6" | 24" x 8" | 30" x 10"
36" x 12" | 48" x 14"

Linear Drop-In Pan with Spark Ignition Kit - Bundle

5 Sizes Available
30" x 6" | 36" x 6" | 48" x 6"
60" x 6" | 72" x 6"

CSA CERTIFIED BUNDLES

Elevate any outdoor space with our CSA Certified Burner Pan Kits, designed for safety, performance, and ease of use. Perfect for homeowners seeking a professional-grade fire feature. These kits meet strict safety standards in the U.S. and Canada, ensuring peace of mind.

Compatible with BBQ propane tanks and convertible to natural gas with the included kit, the system operates like a BBQ—press the spark ignitor, turn on the gas, and enjoy. A built-in thermocouple ensures safety by shutting off the system if the flame blows out.

Bundle Includes: Burner Kit, .304 Stainless-Steel Pan, Spark Ignitor, Flame/Wind Guard, Burner Cover, Propane Hose, and N.G. Conversion Kit.

Round Drop-in Pan With CSA Certified System - Bundle

What Is A CSA Safety Certified Fire Pit Kit?

CSA Safety Certified Fire Pit Kit's are engineered & designed to meet strict international CSA safety certifications.

The CSA Group is a global organization dedicated to safety, social good and sustainability. They are a leader in Standards Development and in Testing, Inspection and Certification around the world.

The CSA mark indicates that a product has been tested against and has met the requirements for safety, performance and/or energy efficiency for the U.S. and/or Canada. These requirements are based on nationally recognized Canadian and/or U.S. standards as well as any other recognized documents that are used as a basis for certification.

MATCH LIGHT BUNDLES

Discover the charm of a new fire pit with our Match Light Bundle Kit. These kits are straightforward, reliable, and designed for anyone who values simplicity. Match Light Bundle Kit's are the perfect solution for building a fire pit without the need for complex systems or electronics.

A match light kit is as simple as it sounds. Light a match, turn on the gas, and watch the flames come to life. It's timeless, effortless, and gives you total control over your fire pit experience.

Bundle Includes: Fire Pit Burner Kit and .304 Stainless-Steel Pan, Flame / Wind Guard, Burner Cover, Whistle free Flex line, on/off Valve & Fitting.

FIRE PIT KITS

Fire Pit Kits are the perfect solution for building an outdoor fire feature. Kits are available in round, square, rectangle or linear and can be paired with any of our unique ignition types to meet your budget and fire pit needs. You can choose between: Electronic Ignition, Push Button Spark Ignition, CSA certified, or Match Light kits. These economical kits include everything you get with our Fire Pit Bundles without the Flame Guard and Burner Cover upgrades for a basic fire pit package.

EACH KIT INCLUDES:

- Fire Pit Burner Kit and Stainless-Steel Pan
- Your Choice of Ignition type
- Your Choice of Natural Gas or Propane
- Set of Installation Hoses, Valve, Fitting & Parts

ELECTRONIC IGNITION

All Weather Electronic Ignition Systems (AWEIS) provide a safe, reliable and professional way to light your gas fire pit with a smartphone, timer, on/off switch or with a pool controller system.

Built with .316 marine-grade stainless steel, the control box protects the electronic components from extreme wind, rain, and harsh weather. This Electronic Ignition system uses a 110-power source and includes a 24 Volt transformer. The system ignites with a hot surface ignition (glow plug) and thermopile to ensure safe operation of the fire pit. The system is designed to be used in windy locations. The safety features of the AWEIS detect flame multiple times per second and will automatically reignite itself if the flame blows out.

Kit Includes: Fire Pit Burner Kit and .304 Stainless-Steel Pan, All Weather Electronic Ignition Systems (AWEIS), Installation Hoses, Key Valve, Fitting & Parts

CSA CERTIFIED KITS

Create a fire pit that not only dazzles but also gives you peace of mind with our CSA Certified Burner Pan Kits. Designed for safety, performance, and ease of use, these kits are perfect for homeowners who want a professional-grade fire feature in their outdoor space.

CSA certification means these fire pit kits meet rigorous safety standards in America & Canada so you can enjoy your fire pit with complete confidence. These kits are built for use with a BBQ style propane tank; however, they can be converted to natural gas with the included N.G. conversion kit. Our CSA certified systems are turned on by pressing the spark ignitor button and turning on the gas just like a BBQ. These systems use a thermocouple for safety and the system will shut itself off if it detects the flame has blown out.

Kit Includes: Fire Pit Burner Kit and .304 Stainless-Steel Pan, Spark Ignitor with Valve, Propane Installation Hose and N.G conversion kit.

WHAT IS A CSA SAFETY CERTIFIED FIRE PIT KIT?

CSA Safety Certified Fire Pit Kit's are engineered & designed to meet strict international CSA safety certifications.

The CSA Group is a global organization dedicated to safety, social good and sustainability. They are a leader in Standards Development and in Testing, Inspection and Certification around the world.

The CSA mark indicates that a product has been tested against and has met the requirements for safety, performance and/or energy efficiency for the U.S. and/or Canada. These requirements are based on nationally recognized Canadian and/or U.S. standards as well as any other recognized documents that are used as a basis for certification.

WHY IS CSA SAFETY CERTIFICATION IMPORTANT?

Only when a product has been certified to an applicable standard is it entitled to bear the appropriate CSA mark. CSA marks may appear on product packaging or be located on the product itself, depending on the individual requirements of each applicable standard. For consumers, the mark can help provide increased assurance of quality and safety.

PANS & BURNERS

Fire Pit Pans and Burners from American Fire Products are the heart of your fire pit setup. The pans give your fire pit a solid foundation, keeping everything in place while ensuring proper airflow. The burners, like Fire Pit Rings and H-Burners, spread the flames evenly, giving you that cozy, mesmerizing fire. Whether you're setting up a backyard retreat or a patio centerpiece, these products help you create the perfect fire pit experience.

FIRE PIT PANS

Fire Pit Burner Pans are made with 100% .304 stainless steel, which means not only are they exceptionally durable, but they can withstand extreme heat and harsh weather conditions all year long. Every Burner pan is engineered for flawless performance and built to last with a lifetime guarantee!

Every Fire Pit Burner Pan includes a round Fire Pit Ring, H-Burner, or Linear Burner and includes a removable plate for easy upgrades to an AWEIS or Spark Ignition Kit.

FIRE PIT RINGS

Our Fire Pit Burner Rings produce reliable, consistent flames distributed evenly across your fire pit in any weather conditions.

Made of .304 stainless steel, our fire pit ring burners are durable, engineered for flawless performance and built to last with a lifetime guarantee!

Our unique crossbar design provides better flame distribution, and the burner holes are drilled, not punched, which prevents annoying whistling noises. Sizes 12", 18", 24" are made with 3/4" pipe and a 1/2" gas inlet. Sizes 30", 36" & 48" are made of 1" pipe and have a 3/4" gas inlet. These high BTU Ring burners are designed to produce big flames and put out a lot of heat.

H-BURNERS

American Fire Products H-Burners produce natural looking large flames distributed evenly across your fire feature.

All our H-Burners are made from heavy-duty .304 stainless steel 3/4" pipe with a 1/2 inlet. They are engineered for flawless performance and built to last with a lifetime guarantee which means not only are they exceptionally durable, but they can withstand extreme heat and harsh weather conditions all year long.

Compared to H-Burners with punched holes and pinched ends, our H-Burners are made with machine-drilled burner ports, which means they have better gas flow and produce a more reliable, consistent flame.

LAVA ROCK

Lava Rocks and Tumbled Lava Stones are perfect for adding a natural, rustic look to your fire pit or fireplace. These durable rocks are formed from volcanic activity, making them heat-resistant and long-lasting, ideal for both indoor and outdoor fire features. They help disperse the flame and heat evenly, ensuring a warm and inviting atmosphere. Plus, their unique textures and earthy tones complement any decor, making your fire feature a focal point of beauty and warmth.

LITE STONES & BALLS

Lite Stones and Balls from American Fire Products are designed to enhance the visual appeal of your fire feature. These decorative stones and balls are perfect for use in fire pits, fireplaces, and other fire features, offering a modern and sleek alternative to traditional fire media like lava rocks. They are crafted to withstand high temperatures, ensuring durability and long-lasting beauty in both indoor and outdoor settings. Whether you're creating a cozy indoor ambiance or elevating your outdoor entertaining space, Lite Stones and Balls add a touch of elegance and style to any fire feature. Please note: Lite Stones & Balls are not designed to be used without Lava Rock.

NEW FOR 2025

Watch in awe as the flames dance and flicker around these polished spheres, creating mesmerizing reflections that will captivate your guests and create unforgettable memories.

FIRE GLASS

American Fire Glass is a stunning addition to any fire pit or fireplace, designed to enhance the visual appeal of your outdoor or indoor fire features. Made from tempered glass, it is heat-resistant and won't melt, degrade, or emit harmful fumes. Available in a variety of colors and sizes, Fire Glass not only adds a touch of elegance but also efficiently retains and radiates heat, making your fire experience more enjoyable. Whether you're looking to upgrade your existing setup or create a new focal point, Fire Glass offers both beauty and functionality.

AMERICAN
FIRE GLASS®

1/2" PREMIUM FIRE GLASS

Premium Fire Glass has a polished "mirror" like coating on one side creating an exceptionally stunning visual when the flames flicker off the reflection.
