CULTURED
STONE™
AWAKEN YOUR SURROUNDINGS™

No surroundings should go unshaped by **imagination** or untouched by **emotion**. Exceptional spaces not only satisfy our needs, they respond to our deepest desires. To this end, Cultured Stone® encourages all to dream, explore and ask: What **inspires** this vision? What **feeling** is called for? Which textures, shapes and hues are authentic to this creative concept? The answers will come with **discernment** — surely among them, the industry's finest architectural stone veneer, unsurpassed for aesthetics, quality and care. With its extraordinary possibilities and planet-sensitive production, Cultured Stone both elevates and cherishes our **surroundings**.

ASHLAR

COBBLEFIELD®

Cobblefield is designed to emulate the architecture of rural 19th-century America. Its rugged refinement makes it equally at home in residential or commercial settings.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
2" – 8"	4" – 20"	1" – 2 5⁄8"	3" – 12"

COBBLEFIELD® / Gray

CHARDONNAY COBBLEFIELD

SALT FLAT™ COBBLEFIELD
1/2" mortar joints

ECHO RIDGE® COBBLEFIELD
1/2" mortar joints

SAN FRANCISCO COBBLEFIELD
1/2" mortar joints

GRAY COBBLEFIELD
1/2" mortar joints

TEXAS CREAM COBBLEFIELD
1/2" mortar joints

ASHLAR

LIMESTONE

Molded from limestone quarried in the upper Midwest, Limestone’s hand-split surface speaks to robust durability and lasting appeal.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
1 1⁄4" – 6"	4" – 16 3⁄4"	1 1⁄2" – 2 5⁄8"	4" – 11"

ASHLAR

SCULPTED ASHLAR

Sculpted Ashlar is the modern touch on classic charm. Mixed stone sizes bring natural warmth to interiors and exteriors, while precise lines keep it an appropriate choice for sleeker spaces.

HEIGHT	LENGTH	THICKNESS	CORNER RETURNS
2 1⁄4" – 7 3⁄4"	5 1⁄2" – 20 1⁄2"	1" – 2"	4", 7", 10"

WARRANTY

50-Year Transferable Express Limited Warranty*

Cultured Stone® architectural stone veneer products carry a 50-year transferable express limited warranty subject to the terms of the warranty. The warranty is limited, in manufacturer’s sole discretion, to either (i) repair or replacement of covered, nonconforming products or (ii) a refund of the price paid for such products. Labor costs for removal or installation of such products are not covered under the warranty. The warranty may be transferred to subsequent purchasers of the applicable home or building subject to the transferability and coverage terms set forth within the warranty. Complete warranty information is available on request.

* See actual warranty at **CulturedStone.com**. Overhead, horizontal or sloped applications are not included in our building code evaluation reports or acceptances. These applications often require special approval/inspections by local building inspectors. Contact your architect or engineer for assistance with designing these installations.

INSTALLATION

Cultured Stone veneer can be used on most structurally sound wall surfaces. Its lightweight and quick adhesion allows for fast, easy installation without additional footings or wall ties. Each piece of Cultured Stone veneer is applied individually with Type N or Type S mortar and attaches permanently to the wall surface.

Be sure to read the full, detailed Cultured Stone installation instructions. Get a copy from your Cultured Stone dealer at **CulturedStone.com** or by calling (800) 255-1727.

The National Concrete Masonry Association offers a wealth of information at ncma.org.

MAINTENANCE

Cultured Stone and Cultured Brick veneers are virtually maintenance-free. If required, lightly wash to remove dust or dirt. Do not sandblast or wash with acid, abrasives or high-pressure water. Damaged or graffiti-marred stones can be removed and replaced with matching materials.

TECHNICAL DATA

Cultured Stone products are engineered to meet or exceed the specifications set by building code officials.

Unit Weight

Approximately 8–12 lbs/ft² (39–58 kg/m²) but not more than 15 lbs/ft² (72 kg/m²).

Thickness

Thickness averages 1 ¾". May vary depending on choice of texture.

Colorfast

Colors become an integral part of the stone during casting. Existing applications show no undesirable change in color after years of weathering.

Noncombustible/Surface Burning Characteristics

UL tested and listed. Cultured Stone products tested out with zero flame spread and zero smoke development.

Technical Support

Complete copies of Cultured Stone research reports, approvals, tests, listings or acceptances conducted by independent testing agencies are available on request. Cultured Stone products meet or exceed all ICC-ES Acceptance Criteria #51 requirements for precast stone veneer.

Other manufacturers who claim to produce equivalent products should be asked to provide documentation of claims.

RESOURCES

PROTECTING OUR SURROUNDINGS

We strive to meet today’s building needs without compromising the future. Cultured Stone veneers are designed to not only beautify spaces but also take care of our shared environment along the way. To that end, our closed-loop recycling system allows us to reuse water during manufacturing, which proves especially important in California’s drought-prone environment. Cultured Stone veneer products contain an average of 58% recycled content.

COUNTRY LEDGESTONE / Aspen

FROM COAST TO COAST (AND EVERYWHERE IN BETWEEN)

While the heart of Cultured Stone operations can be found in Roswell, Georgia, the skilled hands that craft our work can be found in our two plants. Strategic locations in Napa, California, and Chester, South Carolina, have allowed us to create one of the largest distribution footprints in the U.S. and Canada and globally into Europe, Asia and Australia. For the builders who rely on easy access to our materials, this convenient presence provides an invaluable resource. Masters at both plants make it possible for Cultured Stone to offer quality stone products that are proudly made in the U.S.

WE PUT OUR MASTERS' STAMP ON EVERY STONE

From cast to model, the entire Cultured Stone veneer production process is very much hands-on — down to the trademark C.S.V.® (Cultured Stone Veneer) stamp that has been hand-applied to each and every stone we craft since 1962. Only genuine Cultured Stone products have a C.S.V. indicia embossed on the edge, guaranteeing that you’re getting the original, proven and preferred brand. After all, a master’s touch is all in the detail.

SHARE HOW YOU PUT A STAMP ON YOUR SURROUNDINGS

We’d love to see how you bring environments to life with Cultured Stone. We might even request to share them with our partners, on our website, or among the Realized features throughout this book. Please upload your favorite photos and project details at CulturedStone.com/realized.

Explore the endless possibilities of building with Cultured Stone veneer products by visiting our website at CulturedStone.com. For more detailed information, please call (800) 255-1727. For continual inspiration, follow us on social.

THE PRODUCTS TO DO EVERYTHING. THE POWER TO DO EVEN MORE.

We're answering "what ifs" on a whole new level—from the solutions we create to the dreams we build. We have the tools and technology to tell design stories on a bigger scale and on a more personal level. There are no limits to how far we innovate, how deeply we express, how strongly we commit and how boldly we go. **Together let's Be Boundless™.**
