

Elegant Series Woodburning Fireplace Door

As its name implies, the Elegant series is our most modern and clean look that is pleasing to the eye. Laser cut and crafted out of 3/16" steel, these designs are simple, graceful and affordable. Five design styles are available in cabinet, fullview, or bifold door configuration.

Elegant Series fireplace doors are available in nine durable and aesthetically pleasing powder coat finishes. Every door is hand built to the custom size of your fireplace opening. Five design styles are available in cabinet, fullview, or bifold door configuration. Choose, mesh only, ceramic glass, tempered glass (clear, grey, or bronze). The additional option of gate mesh behind your glass will protect your home and family from flying embers.
